Medical Coverage Level

In a hurry? Get the highlights the easy way—just watch the video! (Closed captioning is available.)

Which Coverage Level Is Best?

You get to choose how much coverage you need and how you want to pay for it. It's up to you! When you choose your coverage level, you get to pick the one with the features you want. Consider what changes you may be facing. Change is constant, so make sure you [do your homework](#) before sticking with what you had in the past.

Your coverage level determines how much you pay out of your paycheck (premiums). It also determines how much you pay out of your pocket when you receive care (deductibles, coinsurance, copays).

Make sure to take your **total** costs (premium + out of pocket = total costs) into consideration when choosing a coverage level.

The coverage levels are designed to give you a variety of levels to choose from so you can determine which may serve your needs best for the coming year.

Medical Coverage Level Options

You have several coverage levels to choose from. Each coverage level is available from different [insurance carriers](#) at different costs.

When you enroll, you'll find plenty of tools and resources to help you choose a coverage level.

**Preventive drugs are determined by the insurance carrier or pharmacy benefit manager. You must have a doctor's prescription for the medication—even for products sold over the counter (OTC)—and you must use an in-network retail pharmacy or mail-order service.

These charts may not take into account how each coverage level covers any state-mandated benefits, its plan administration capabilities, or the approval from the state Department of Insurance of the benefits offered by the plan. If you have questions about a specific benefit, contact the insurance carrier for additional information. Individual carriers may offer coverage that differs slightly from the standard coverage reflected here. In the event that there is a discrepancy between this site and the official plan documents, the official plan documents will control.

These charts are a high-level listing of commonly covered benefits across carriers and coverage levels for the Aon Active Health Exchange. They are intended to provide you with a snapshot of benefits provided across coverage levels. In general, carriers have agreed to the majority of standardized plan benefits recommended by the exchange.

For a more detailed look at these and additional coverages, go to Your Total Rewards at <http://digital.alight.com/equitable/>. It does account for any carrier adjustments to standardized plan benefits. To see summaries when you enroll online, check the boxes next to the options you want to review and click **Compare**. In order to get the most comprehensive information about any specific coverage, you will need to call the carrier directly.

Note: For additional comparison, you may find Summaries of Benefits and Coverage on Your Total Rewards at <http://digital.alight.com/equitable/>.

California Residents: Your options will be different, depending on the insurance carrier you choose. See [what's different](#).

Out-of-Area: Your specific options are based on your home zip code. If you live outside the service areas of all the insurance carriers, you can choose an out-of-area option at the Silver coverage level. Aetna will be the insurance carrier.

Choosing a Primary Care Physician: Certain options require you to choose a primary care physician. You may need to designate a primary care physician to coordinate your care if you choose Kaiser Permanente or Health Net as your insurance carrier.

Do You Take Any Prescription Drugs?

This is really important! Your prescription drug coverage will be provided through your insurance carrier's pharmacy benefit manager.

While your coverage level will determine your coverage for prescription drugs, each pharmacy benefit manager has its own rules. You need to make sure you're comfortable with how your and your family's medications will be covered. [Get the details](#).

Questions?

Also check out the [Frequently Asked Questions](#) (PDF) and the [Glossary](#).

California Medical Coverage Level

Live In California?

Your options will be different, depending on the insurance carrier you choose.

For starters, each insurance carrier in California has the option to offer each coverage level either as an option that offers in- and out-of-network benefits (e.g., a PPO) **or** an option that offers in-network benefits only (e.g., an HMO).

Also, insurance carriers can choose to offer **either the standard Gold option or a Gold II option—not both**. The Gold II option offers **only** in-network benefits. This means that if you elect a Gold II carrier, your network options will be more limited. In this situation, it is critical that you ensure that your doctors, medical facilities and other service providers are in-network with the carrier you have elected.

Review the table below to see which insurance carriers offer out-of-network benefits for the coverage levels you're considering.

	BRONZE	BRONZE PLUS	SILVER	GOLD	GOLD II	PLATINUM

This is really important! Your prescription drug coverage will be provided through your insurance carrier's pharmacy benefit manager.

While your coverage level will determine your coverage for prescription drugs, each pharmacy benefit manager has its own rules. You need to make sure you're comfortable with how you and your family's medications will be covered. [Get the details.](#)

Questions?

Also check out the [Frequently Asked Questions](#) (PDF) and the [Glossary](#).

How Deductibles Work

The deductible is what you pay out of your own pocket before your insurance begins to pay a share of your costs.

For example, let's say you break your wrist. If you have a deductible, you pay the full “negotiated” costs of all in-network services until you reach the deductible. The “negotiated” costs are the payments providers (doctors, hospitals, labs, etc.) have agreed to accept for a particular service from the [insurance carrier](#).

It Depends On Your Medical Coverage Level

The Bronze, Silver and Gold coverage levels have a traditional deductible.

Once a covered family member meets the individual deductible, your insurance will begin paying benefits for that family member.

Charges for all other covered family members will continue to count toward the family deductible. Once the family deductible is met, your insurance will pay benefits for all covered family members.

The annual deductible doesn't include amounts taken out of your paycheck for health coverage.

The Bronze Plus coverage level has a true family deductible. This means that the entire family deductible must be met before your insurance will pay benefits for any covered family members.

There is no individual deductible in this option when you have family coverage. So even if one person in your family has a lot of expenses, you'll have to pay for it on your own until the full family deductible is met.

The annual deductible doesn't include amounts taken out of your paycheck for health coverage.

The Platinum coverage level does not have an in-network deductible. Keep in mind that as a trade-off for no deductible, the Platinum coverage level is usually the most expensive coverage level per paycheck and has very limited (if any) out-of-network coverage.

Do You Use Out-of-Network Providers?

Out-of-network charges will **not** count toward your in-network deductible or out-of-pocket maximum. The same goes for in-network charges—they will **not** count toward your out-of-network deductible or out-of-pocket maximum.

And some insurance carriers in CA, CO, DC, GA, MD, OR, VA, and WA do not cover out-of-network benefits at all.

Out-of-network benefits are available for emergency care.

How Out-of-Pocket Maximums Work

The out-of-pocket maximum is the most you have to pay for covered medical services in a year. Generally, it includes any applicable deductible, copayments, and/or coinsurance.

Here's how the out-of-pocket maximum works if you have family coverage:

It Depends On Your Medical Coverage Level

The Bronze, Silver, Gold, and Platinum coverage levels have a traditional out-of-pocket-maximum.

Once a covered family member meets the individual out-of-pocket maximum, your insurance will pay the full cost of covered charges for that family member.

Charges for all covered family members will continue to count toward the family out-of-pocket maximum. Once the family out-of-pocket maximum is met, your insurance will pay the full cost of covered services for any covered family member (subject to the allowed amount limitation for out-of-network services).

The annual out-of-pocket maximum doesn't include amounts taken out of your paycheck for health coverage or certain copays under the Silver, Gold, and Platinum options.

It also doesn't include amounts above the "allowed amount," which is the most your insurance carrier will pay for a covered service.

The Bronze Plus coverage level has a "true family out-of-pocket maximum." This means that the entire family out-of-pocket maximum must be met before your insurance will pay the full cost of covered charges for any covered family member (subject to the allowed amount limitation for out-of-network services).

There is no "individual out-of-pocket maximum" in this plan when you have family coverage.

The annual out-of-pocket maximum doesn't include amounts taken out of your paycheck for health coverage. It also doesn't include amounts above the "allowed amount," which is the most your insurance carrier will pay for a covered service or amounts for services that are not covered.

Do You Use Out-of-Network Providers?

Out-of-network charges will **not** count toward your in-network deductible or in-network out-of-pocket maximum. The same goes for in-network charges—they will **not** count toward your out-of-network deductible or out-of-network out-of-pocket maximum.

And some insurance carriers in CA, CO, DC, GA, MD, OR, VA, and WA do not cover out-of-network benefits at all.

Out-of-network benefits are available for emergency care.

Important note about in-network out-of-pocket maximums versus out-of-network out-of-pocket maximums:

- **In-Network Out-of-Pocket Maximum.** Once you have reached your annual in-network out-of-pocket maximum, your insurance carrier will generally pay 100% for any covered in-network service or supply provided to you for the balance of the coverage year, subject to age and frequency limits.
- **Out-of-Network Out-of-Pocket Maximum.** The annual out-of-network out-of-pocket maximum works differently. It does not limit what you pay for charges that exceed the "allowed amount"—that is, the

maximum amount the insurance carrier allows for a covered service or supply. This means that even after you reach your annual out-of-network out-of-pocket maximum, you will continue to be responsible for paying the full amount of any out-of-network service or supply charge above the allowed amount.

Medical Price

In a hurry? Get the highlights the easy way—just watch the video! (Closed captioning is available.)

When you make a purchase, you decide how you want to pay. Would you rather pay cash now, or use credit and pay later?

It's the same idea with the exchange. You get to decide if you'd rather **pay now or pay later**.

How much you pay out of your paycheck is one thing. You also have to consider what you'll pay throughout the year when you need care.

How much you'll pay for medical coverage depends on:

The Amount Of Your Credit From Equitable

Your company may provide a credit to use toward the cost of coverage. If eligible, you'll see a credit amount from the Company within your pricing options for coverage when you enroll.

The Coverage Level You Choose

Bronze and Bronze Plus coverage levels may cost less per paycheck, but you will pay a higher deductible before your coverage starts paying for your health care expenses.

Silver, Gold, and Platinum coverage levels may cost more per paycheck, but you'll probably pay less out of pocket for services throughout the year.

[Learn more about coverage levels.](#)

The Insurance Carrier You Choose

When you log on to Your Total Rewards at <http://digital.alight.com/equitable/>, you will be able to view which insurance carrier offers the lowest paycheck amount for each coverage level. For example, if you know you want a Silver option, you will be able to see the corresponding cost each insurance carrier charges for that level of coverage. [Learn more about insurance carriers here.](#)

Important: Choose an insurance carrier whose network includes providers critical to your care. If you see an out-of-network provider, your medical insurance carrier could pay a much lower benefit—leaving you to pay the rest.

Your Dependents

You can enroll any combination of you, your eligible spouse/eligible domestic partner, and eligible children in the option you choose.

Pay Now or Later?

It's a trade-off. It's up to you to choose which option gives you the best value on your total health care costs.

Would you rather pay **less** now and **more** when you need care? Or pay **more** now and **less** when you need care?

Pay Less Now

The Bronze and Bronze Plus coverage levels cost less per paycheck, but the deductibles are higher. That means you'll pay more out of your pocket when you need care.

Make sure you know [how the deductible works](#). Also, make sure the deductible amount is something you could afford in the event you need a lot of health care.

It's important to note that the deductibles work differently under the Bronze (traditional deductible) and Bronze Plus (true family deductible) coverage levels.

Pay Less Later

The Silver, Gold, and Platinum coverage levels cost more per paycheck, but the Silver and Gold deductibles are lower. The Platinum coverage level does not have a deductible. If you don't have a lot of health care needs, you could be spending money for benefits you don't use.

How to Get the Right Medical Option

Now that you understand the basics, it's time to put it all together. Get confident in your choices—before you enroll—by finding answers to some really important questions. And breathe easy knowing online tools will make it easy to make it yours.

Don't wait. **Get ready** now so when it's time to enroll, you'll have answers to the following questions.

Which Providers Are In The Carrier's Network?

Why It Matters

First of all, you may trust your current health providers and want to keep working with them.

Also, working with out-of-network providers will cost you more—sometimes a lot more. For example, you could pay more through a higher deductible, higher coinsurance, and the amount that exceeds the maximum allowed amount. And certain Platinum options won't cover out-of-network services at all.

What to Do

If you want to work with your current doctors, choose an insurance carrier whose network includes your preferred providers (e.g., doctors, specialists, hospitals).

Want to see whether your provider or facility participates in a carrier's network?

- Check out the **insurance carrier** preview sites. Follow the instructions on the preview sites to make sure you're searching for providers in the exchange network.
- When you enroll, check the networks of each insurance carrier you're considering on Your Total Rewards at <http://digital.alight.com/equitable/>. For the best results:
 - Search for your provider by name—not medical practice.
 - Check only the office location(s) you are willing to visit.
 - When searching for a facility, use the complete facility name and confirm whether the specialty of the facility is covered in-network.

Important! Do **not** rely on your provider's office to know the carriers' network(s). If you have any uncertainty (for instance, covering out-of-area dependents) or you need the network name, call the insurance carrier.

Even if you can keep your current insurance carrier, the provider network could be different and can change, so always check the provider networks on the carrier preview sites before making a decision.

How Will My Prescription Drugs Be Covered?

Why It Matters

Each pharmacy benefit manager has its own rules about how prescription drugs are covered. To avoid potentially costly surprises, you need to do your homework.

What to Do

If you or a covered family member regularly takes medication, make sure you're comfortable with the insurance carrier's coverage for drugs you and your covered family members need:

- Call the medical **insurance carrier** before you enroll. Get a list of **prescription drug questions** to ask the insurance carriers.
- If you're currently taking a more expensive brand name prescription drug, ask your doctor (or pharmacist) if a generic is available to you.
- When it's time to enroll, you can use the prescription drug search tool to look up your medication, see how it will be classified (Tier 1, Tier 2, Tier 3), and more.

Which Medical Coverage Level Is Best For Me?

Why It Matters

You want to get the right amount of coverage for your needs at the best price. Get help choosing the right level of coverage.

What to Do

If you need help deciding, there are tools to help you:

- Get an overview of your medical **coverage levels**.
- See which coverage level could be **best for you** with the Help Me Choose tool. By answering a few questions about your preferences when you enroll, you can see which option could be a good fit for you and your family.
- Compare your options side by side when you enroll on Your Total Rewards at <http://digital.alight.com/equitable/>. Just check the boxes next to medical options you want to review and click **Compare**. You can quickly see which options cost more out of your paycheck and which options cost more when you get care. (You may also find Summaries of Benefits and Coverage for comparison on Your Total Rewards at <http://digital.alight.com/equitable/>.)

Which Medical Insurance Carrier Is Best For Me?

Why It Matters

All insurance carriers are different. Each carrier will offer its own price for each coverage level, and you'll be able to see all of the prices in one place on Your Total Rewards at <http://digital.alight.com/equitable/>. (**Note:** The benefits provided under a coverage level will be very similar across carriers, but there could be some differences.)

What to Do

If you need help deciding:

- See how other people rate their health carriers on Your Total Rewards at <http://digital.alight.com/equitable/> anytime.
- Compare the details, when you enroll online, by checking the boxes next to medical options you want to review and clicking **Compare**. That makes it easy to see which carrier is offering you the most value. (You may also find Summaries of Benefits and Coverage for comparison on Your Total Rewards at <http://digital.alight.com/equitable/>.)
- Browse the carrier preview sites to learn about programs, tools, and other considerations that could influence your decision.

Ready to enroll? **Find out how.**

HSA Basics

An HSA—or Health Savings Account—is a special bank account that you can use when you enroll in a Bronze or Bronze Plus coverage level. If you also have coverage under a second medical plan, it must also be a high-deductible option for you to use an HSA.

It's a great way to save for the future. Just set aside a few dollars from each paycheck now, and then you'll have funds to help cover health care expenses that come up. Plus, it's tax-free, so you're actually getting a better deal.

You can decide if you want to enroll in an HSA when you enroll for benefits. That's a great time to [decide how much to save](#).

You can change the amount you save at any time throughout the year.

Why Consider An HSA?

You'll be responsible for 100% of your medical and prescription drug expenses until you meet your deductible in the Bronze or Bronze Plus coverage level. An HSA is a great way to pay less for those out-of-pocket expenses because you're using tax-free money.

Let's say you injure your knee. With a high deductible, you might worry about how you're going to afford the medical bills.

Now imagine if you had already set aside money for expenses like these. That's where an HSA comes in handy! You could already have the money you need saved up.

An HSA allows you to set aside tax-free money to pay for qualified health care expenses. This includes your medical, dental, and vision copays, deductibles, and coinsurance.

It's Tax-Free—And Yours To Keep!

There are a number of advantages to contributing to an HSA.

You can put money into your HSA on a before-tax basis through convenient payroll deductions.

It's tax-free as it grows. You earn tax-free interest on your money.

It's tax-free when you spend it. When you spend your HSA on qualified health care expenses, you don't pay any taxes. That means you're saving money on your qualified medical, dental, and vision expenses.

It's always your money. You can carry over your unused HSA balance from year to year. Just like a bank account, you own your HSA, so it's yours to keep and use even if you change medical options, leave the company, or retire.

Important! Make sure you use money in your HSA only for qualified health care expenses for your qualified dependents. Otherwise, you'll pay income taxes on that distribution. You'll also pay an additional 20% penalty tax if you're under age 65.

Wondering what the difference is between an HSA and a Health Care Flexible Spending Account (FSA)? [Find out](#).

Questions?

[Get answers](#) to your questions, including eligibility rules and what happens if you already have an HSA or FSA.

If you enroll in a Bronze or Bronze Plus coverage level, learn how the HSA works in the [HSA User's Guide](#) (PDF).

HSA vs FSA

Wondering how an HSA is different from a Health Care Flexible Spending account (FSA)? Here's how:

	HEALTH SAVINGS ACCOUNT	FLEXIBLE SPENDING ACCOUNT
When to Use	You can use the HSA to pay for eligible medical, dental, and vision expenses under the Bronze or Bronze Plus coverage levels.	You can use the Health Care FSA to pay for eligible medical, dental, and vision expenses under any coverage level.
Contributions	You can contribute to your account before taxes. For 2023, the annual limits set by the IRS are \$3,850 for individual coverage, and \$7,750 for family coverage. If you're age 55 or older (or will turn age 55 during the plan year), you can also contribute an additional \$1,000 catch-up contribution.	You can contribute to your account before taxes, up to the \$3,050 annual limit.
Fund Availability	You can use up to the total amount you have contributed to your HSA.	The total amount of your annual election is available at the beginning of the plan year.
Rollovers	Unused dollars roll over from year to year. The funds are always yours to keep, even if you leave the company or retire.	You can roll over up to \$610 (with a minimum roll over amount of \$50) to the following year.
Earning Interest	The money in your HSA earns interest.	The money in your FSA does not earn interest.
Debit Cards	Yes, a debit card is available.	Yes, a debit card is available.
Investment Option	You can open an investment account when your balance reaches a certain limit. Limit varies by option.	You cannot invest your FSA balance.

Which Account Should I Use

If you enroll in the Bronze or Bronze Plus coverage level, you can use an HSA, a Health Care FSA, or both an HSA and Health Care FSA. If you contribute to an:

- HSA **or** Health Care FSA, you can use your account to pay for qualified medical, dental, and vision expenses.
- HSA **and** Health Care FSA, your Health Care FSA will be “limited purpose” and can only be used to pay for qualified dental and vision expenses. However, once you meet the medical plan deductible, then it can be used toward qualified medical expenses as well. Your HSA can be used for qualified medical, dental, and vision expenses.

If you enroll in the Silver, Gold, or Platinum coverage level, you can use the Health Care FSA to pay for qualified medical, dental, and vision expenses.

How Much to Save?

You decide how much money you want to save in your HSA, and you can change it at any time. It's a smart idea to save enough to cover your annual deductible.

For 2023, you can save up to \$3,850 if you're covering just yourself, or \$7,750 if you're covering yourself and your family. If you're age 55 or older (or will turn age 55 during the plan year), you can also make additional "catch-up" contributions to your HSA up to \$1,000.

And if you don't need that much health care, your money stays in your account and earns tax-free interest. It's a great way to save for future expenses.

Prescription Drugs

Your prescription drug coverage will be provided through your insurance carrier's pharmacy benefit manager.

That means your prescription drug coverage depends on the medical coverage level you choose **and** your medical [insurance carrier](#).

Your Coverage Level Matters

You pay nothing for preventive drugs, as determined by your insurance carrier. You need a doctor's prescription, and you must use an in-network retail pharmacy or mail-order service.

Bronze or Bronze Plus

You pay the full cost for prescription drugs until you reach the annual medical deductible. Then you pay coinsurance. Once you reach the out-of-pocket maximum, you pay nothing for in-network covered prescription drugs.

Silver, Gold, or Platinum

You pay a copay for all prescription drugs. Once you reach the out-of-pocket maximum, you pay nothing for in-network covered prescription drugs.

Your specific prescription coverage is based on the medical coverage level you select. [Get the details](#).

Your Carrier Matters

Each pharmacy benefit manager has its own rules about how prescription drugs are covered. So you need to do your homework to find out how your medications will be covered—**before** choosing an insurance carrier.

Get a list of [prescription drug questions](#) to ask.

Prescription Drug Questions

Do you or a family member take medications? This could be a big deal for you!

Your prescription drug coverage will be provided through your **insurance carrier's** pharmacy benefit manager. Your prescription drug coverage depends on the **medical coverage level** you choose.

However, each pharmacy benefit manager has its own rules about how prescription drugs are covered. So **you need to do your homework** to find out how your medications will be covered—**before** you choose an insurance carrier.

What To Ask

Here's a list of questions to ask each carrier you're considering.

Tip: You can also print out the **Prescription Drug Transition Worksheet** (PDF) and use it to take notes.

Is my drug on the formulary?

A formulary is a list of generic and brand name drugs that are approved by the Food and Drug Administration (FDA) and are covered under your prescription drug plan. If your drug isn't listed on the formulary, you'll pay more for it.

How much will my drug cost?

It depends on how your medication is classified by your insurance carrier—Tier 1, Tier 2, or Tier 3. Typically, the higher the tier, the more you'll pay.

While generics typically cost less than brand name drugs, insurance carriers can classify higher-cost generics as Tier 2 or Tier 3 drugs. This means you'll pay the Tier 2 or Tier 3 price for certain generic drugs. You can find this information by using the prescription drug search tool when you enroll.

Will I have to pay a penalty if I choose a brand name drug?

Because many brand name drugs are so expensive, some medical insurance carriers will require you to pay the copay or coinsurance of a higher tier—**plus** the cost difference between brand and generic drugs—if you choose a brand when a generic is available.

Is my drug considered “preventive” (covered 100%)?

The Affordable Care Act requires that certain preventive care drugs are covered at 100% when you fill them in-network. But each insurance carrier determines which drugs it considers “preventive.” If a drug isn't on the preventive drug list, you'll have to pay your portion of the cost.

Will my doctor have to provide more information before my prescription drug can be approved?

Many insurance carriers require approval of certain medications before covering them. This may apply for costly medications that aren't considered medically necessary.

Will I have a step therapy program?

If this applies to one of your medications, you'll need to try using the most cost-effective version first—usually the generic. A more expensive version will be covered only if the first drug isn't effective in treating your condition.

Are there any quantity limits for my medication?

Certain drugs have quantity limits—for example, a 30-day supply—to reduce costs and encourage proper use.

How do I take advantage of mail-order service?

You'll likely need a new 90-day prescription from your doctor. Mail order can take a few weeks to establish. So it's a good idea to ask your doctor for a 30-day prescription to fill at a retail pharmacy in the meantime.

We'll Help You Through The Transition

After you enroll, check out things to know [before your benefits start](#). It has all the info and helpful tips you need.

Medicare Basics

Medicare is a federal medical insurance program, which includes Original Medicare. Original Medicare is a low-cost government insurance program that guarantees access to health insurance for Americans age 65 and older and younger people with certain medical disabilities. It pays for many health care expenses, but not all.

How It Works

Medicare covers its share of an approved amount and you pay the rest through deductibles and coinsurance. Original Medicare is made up of two parts:

- **Part A is hospital insurance.** It covers inpatient hospital care, skilled nursing facilities, hospice, lab tests, surgery, and home health care.
- **Part B is medical insurance.** It covers things like clinical research, ambulance services, durable medical equipment, mental health services, limited outpatient prescription drugs, and more.

You are automatically eligible for Medicare Parts A and B when you become Medicare-eligible. If you are receiving Social Security benefits, you may be enrolled in Medicare automatically.

If you have to sign up to get coverage, you can enroll starting three months before the month you turn age 65. The deadline to enroll is three months after the month you turn age 65. (Note: You can wait to enroll in Part B; however, you may have to pay a late enrollment penalty. However, in general, you can wait to enroll in Medicare Part B without facing a late enrollment penalty until your active employment ends or the date your coverage under your employer's plan ends, whichever occurs first. Consult your Medicare advisor for more details.)

Part D is optional prescription drug coverage. You can enroll in Part D if you want coverage to help pay for your prescription drug costs.

How Medicare Works With Company Coverage

If you are actively employed, your company's health plan will be your primary medical coverage, and, if you choose to enroll in Medicare, Medicare will be your secondary coverage. Please note, once you are enrolled in any part of Medicare (Parts A or B), you can no longer make contributions to an HSA, even if you are also covered by an HSA-eligible medical plan.

If you are retired and have coverage through your previous employer, Medicare will be your primary medical coverage, and your company's health plan will be your secondary coverage.

As you prepare to transition to Medicare, you will want to understand if your dependents under age 65 will be eligible for coverage under your company's health plan.

How Medicare Works With COBRA

If you are eligible for Medicare Parts A and B but you choose to not enroll in Medicare Parts A and B, you may face potentially significant out-of-pocket expenses. COBRA coverage pays secondary to Medicare Parts A and B. Therefore, the plan will pay as if Medicare has already made a payment, even if the Medicare-eligible individual did not actually enroll in Medicare.

If your Medicare benefits (Parts A or B) become effective on or before the day you elect COBRA coverage, you can have COBRA and Medicare coverage. This is true even if your Part A benefits begin before you elect COBRA coverage but you don't sign up for Part B until later.

If you become entitled to Medicare after you've signed up for COBRA coverage, your COBRA coverage may be terminated by your plan as of the day you enroll in Medicare. (But if COBRA covers your spouse and/or dependent children, their coverage may continue.)

To Learn More

Start [here](#) (PDF) to better understand Medicare, your options, impacts to your current coverage, and more. Below are resources where you can find additional information and help:

- Visit the [Social Security website](#) or call **1.800.772.1213** (TTY **1.800.325.0778**) between 8:00 a.m. and 7:00 p.m. Monday through Friday
- Review the [Medicare & You](#) handbook from the Centers for Medicare & Medicaid Services

Expert Second Opinion with 2nd.MD

When dealing with illness, injury, or chronic pain, 2nd.MD makes it easy to get a virtual second opinion from nationally-recognized doctors. Equitable is offering employees and family members covered under an exchange medical option the opportunity to connect with board-certified doctors via phone or video.

By calling 2nd.MD, you can get an expert second opinion—within days—when you or a covered family member has questions like:

- Do I have the correct diagnosis?
- Am I on the best treatment plan?
- Am I taking the right medications?
- Is this surgery or procedure the best option for me?

You don't need a referral for an expert second opinion! To get started, simply visit

<https://www.2nd.MD/Equitable> or call **1.866.887.0712**. Let 2nd.MD do the hard work for you, so you can focus on getting the best care possible.

Paying For Coverage

Expert second opinion with 2nd.MD is a confidential and free service to employees and family members covered under an exchange medical option.

Things To Consider

Peace of Mind

2nd.MD doctors are highly sought-after doctors—at the top of their fields—and come from leading medical institutions. You'll receive clarity, information, and peace of mind.

It's Risk-Free

If you have medical questions or uncertainty, you can get an expert opinion from the comfort of your home. Plus, it's free to use.

Specialized Expertise

2nd.MD experts are industry leaders across hundreds of specialties and thousands of conditions, including heart disease and stroke; cancer; knee, hip, and ankle surgery; digestive issues; immunological disorders; mental health issues; and more.

Dental Coverage Level

Which Coverage Level Is Best?

You get to choose how much coverage you need and how you want to pay for it. It's up to you! When you choose your coverage level, you get to pick the one with the features you want.

Your coverage level determines how much you pay out of your paycheck (premiums). It also determines how much you pay out of your pocket when you receive care (deductibles, coinsurance, copays). Make sure to take your **total** costs into consideration when choosing a coverage level.

Don't let the names of the coverage levels fool you. One option isn't better than another. The coverage levels are designed to give you choices. It's up to you to find the one that makes sense for your situation.

Dental Coverage Level Options

	BRONZE	SILVER	GOLD	PLATINUM ²
Annual Deductible and Plan Limits				
Annual deductible (individual / family)	\$100 / \$300	\$100 / \$300	\$50 / \$150	None
Annual maximum (excludes orthodontia)	\$1,000 per person	\$1,500 per person	\$2,500 per person	None
Orthodontia lifetime maximum¹	Not covered	\$1,500 per child	\$2,000 per person	Varies by insurance carrier
In-Network Benefits				
Preventive care	100% covered, no deductible	100% covered, no deductible	100% covered, no deductible	Varies by insurance carrier; generally covered 100%
Minor restorative care (e.g., root canal treatment, gum disease treatment, and oral surgery)	You pay 20% after deductible	You pay 20% after deductible	You pay 20% after deductible	Varies by insurance carrier
Major restorative care (e.g., implants, dentures)	Not covered	You pay 40% after deductible	You pay 20% after deductible	Varies by insurance carrier

Orthodontia	Not covered	You pay 50%, no deductible; children up to age 19 only	You pay 50%, no deductible; for children and adults	Varies by insurance carrier
-------------	-------------	--	---	-----------------------------

¹If you switch insurance carriers, any orthodontic expenses you've already incurred under your current carrier will count toward your new carrier's orthodontia lifetime maximum.

²Not available in some limited areas. Only the coverage levels for which you are eligible will show as options when you enroll.

These charts may not take into account how each coverage level covers any state-mandated benefits, its plan administration capabilities, or the approval from the state Department of Insurance of the benefits offered by the plan. If you have questions about a specific benefit, contact the insurance carrier for additional information. Individual carriers may offer coverage that differs slightly from the standard coverage reflected here. In the event that there is a discrepancy between this site and the official plan documents, the official plan documents will control.

These charts are a high-level listing of commonly covered benefits across carriers and coverage levels for the Aon Active Health Exchange. They are intended to provide you with a snapshot of benefits provided across coverage levels. In general, carriers have agreed to the majority of standardized plan benefits recommended by the exchange.

For a more detailed look at these and additional coverages, go to Your Total Rewards at <http://digital.alight.com/equitable/>. It does account for any carrier adjustments to standardized plan benefits. To see summaries when you enroll online, check the boxes next to the options you want to review and click **Compare**. In order to get the most comprehensive information about any specific coverage, you will need to call the carrier directly.

Note: For additional comparison, you may find Summaries of Benefits and Coverage on Your Total Rewards at <http://digital.alight.com/equitable/>.

Considering Platinum? It may cost less than some of the other options, but you **must** designate a primary care dentist who participates in the insurance carrier's Platinum network (where available by carrier) and get care from your primary care dentist. The network could be considerably smaller, so be sure to check the availability of local in-network dentists before you enroll. If you don't designate a primary care dentist when you enroll, one may be assigned to you. To change your primary care dentist, you will need to contact the insurance carrier directly. If you enroll in a Platinum option and don't use a network dentist, you'll pay for the full cost of services.

Considering Delta Dental? With most carriers, knowing that your dentist is in the network is a simple way to get the best deal when you need care. If you're considering Delta Dental, you need to take it one step further to get the same deal.

- If you choose a Bronze, Silver, or Gold option, there are actually two Delta Dental networks—PPO and Premier. Although the benefits are the same for both, you may have to pay more if your dentist is only a part of the Premier network. You can save more by seeing a Delta Dental dentist who participates in both the PPO and Premier networks, or by using any in-network dentist if you choose another insurance carrier on the exchange.
- If you choose a Platinum option, the Delta Dental network goes by the name of "DeltaCare." So you need to make sure your dentist is in the DeltaCare network—not just the Delta Dental network. Or get the same deal by using any in-network dentist if you choose another insurance carrier on the exchange.

Dental Price

Find the right balance between what you pay out of your paycheck and what you pay when you get care.

The Amount Of Your Credit From Equitable

All eligible employees will receive a credit to use toward the cost of coverage.

You'll see the credit amount from the Company and your price options for coverage when you [enroll](#).

The Coverage Level You Choose

Bronze

The Bronze coverage level generally costs less per paycheck. That's because some services aren't covered and because it has the lowest benefit maximum.

Silver

The Silver coverage level is moderately priced since most services are covered. However, the benefit maximum is lower.

Gold

The Gold coverage level costs more per paycheck since most services are covered. The benefit maximum is also higher.

Platinum

The Platinum coverage level generally costs less. It provides comprehensive coverage for in-network care only.

The Insurance Carrier You Choose

Certain insurance carriers may be able to provide a more competitive price per paycheck.

Your Dependents

You can enroll any combination of you, your eligible spouse/eligible domestic partner, and your children in the option you choose.

Vision Coverage Level

Which Coverage Level Is Best?

You get to choose how much coverage you need and how you want to pay for it. It's up to you! When you choose your coverage level, you get to pick the one with the features you want.

Your coverage level determines how much you pay out of your paycheck (premiums). It also determines how much you pay out of your pocket when you receive care. Make sure to take your **total** costs into consideration when choosing a coverage level.

Don't let the names of the coverage levels fool you. One option isn't better than another. The coverage levels are designed to give you choices. It's up to you to find the one that makes sense for your situation.

Vision Coverage Level Options

	BRONZE	SILVER	GOLD
In-Network Benefits			
Routine vision exam (once per plan year)	Covered 100%	You pay \$20	You pay \$10
Frames (once per plan year)	Discount may apply	\$130 allowance ¹	\$200 allowance ¹
Lenses (once per plan year; premium lenses may cost more)			
Single vision	Discount may apply	You pay \$20	You pay \$10

Standard anti-reflective coating	Discount may apply	You pay \$45	You pay \$45
Standard polycarbonate (adults)	Discount may apply	You pay \$40	You pay \$15
Standard polycarbonate (children)	Discount may apply	You pay nothing	You pay nothing
Other add-ons	Discount may apply	Discount only	Discount only

Contact Lenses

Medically necessary	Not covered	You pay \$20	You pay \$10
Elective	Not covered	\$130 allowance ¹	\$200 allowance ¹
Fit and evaluation	Discount may apply	You pay \$20	You pay \$10

Laser Surgery

Elective	15% off regular price or 5% off promotional price	15% off regular price or 5% off promotional price	15% off regular price or 5% off promotional price
-----------------	---	---	---

¹Allowance can be used for frames or elective contact lenses, but not both.

²Vision benefits are for standard progressives. Enhanced progressives may cost more and will vary by insurance carrier.

These charts may not take into account how each coverage level covers any state-mandated benefits, its plan administration capabilities, or the approval from the state Department of Insurance of the benefits offered by the plan. If you have questions about a specific benefit, contact the insurance carrier for additional information. Individual carriers may offer coverage that differs slightly from the standard coverage reflected here. In the event that there is a discrepancy between this site and the official plan documents, the official plan documents will control.

These charts are a high-level listing of commonly covered benefits across carriers and coverage levels for the Aon Active Health Exchange. They are intended to provide you with a snapshot of benefits provided across coverage levels. In general, carriers have agreed to the majority of standardized plan benefits recommended by the exchange.

For a more detailed look at these and additional coverages, go to Your Total Rewards at <http://digital.alight.com/equitable/>. It does account for any carrier adjustments to standardized plan benefits. To see summaries when you enroll online, check the boxes next to the options you want to review and click **Compare**. In order to get the most comprehensive information about any specific coverage, you will need to call the carrier directly.

Note: For additional comparison, you may find Summaries of Benefits and Coverage on Your Total Rewards at <http://digital.alight.com/equitable/>.

Vision Price

Find the right balance between what you pay out of your paycheck and what you pay when you get care.

When you make a purchase, you decide how you want to pay. Would you rather pay cash now or use credit and pay later? It's the same idea with the exchange.

Just like your medical coverage, your vision coverage costs will depend on a few factors:

The Coverage Level You Choose

The Bronze plan will generally be less expensive per paycheck. That's because it covers only exams with some in-network discounts available. The Silver and Gold plans will cost more per paycheck and provide coverage for exams as well as frames and lenses. [Learn more about vision coverage levels.](#)

Remember, you can save money by paying for vision expenses tax-free with an [HSA](#) or FSA.

The Insurance Carrier You Choose

Certain insurance carriers may be able to provide a more competitive price per paycheck.

Your Dependents

You can enroll yourself, your spouse/eligible domestic partner, and your children in the option you choose.

Bill Negotiation Services

You don't have to be a health care expert when you have one in your corner.

Bill negotiation services puts years of health care and billing expertise to work for you. When you're facing a large bill from an **out-of-network** provider, negotiators are available to partner with you and your providers to make sure the amount billed to you is appropriate (which could reduce the amount you owe). In many cases, negotiators can help save you 20% or more.

Bill negotiation services is administered by MCA. You do **not** need to enroll for coverage. When you have a bill of at least \$300, you can sign up and get started at www.medicalcostadvocate.com/aon. Or, call **1.844.891.8981** for more information.

Paying For Coverage

If you don't save any money through bill negotiation services, it's totally free. If you **do** save money through bill negotiation services, you'll pay 35% of your savings.

Things To Consider

When deciding whether to use bill negotiation services, be sure to consider the following:

It's Risk-Free

Because you only pay if negotiators save you money, you have nothing to lose—and a smaller provider bill to gain.

Peace of Mind

Do you think you've been overcharged for health care services? Do you lack the time, expertise, and energy needed to successfully negotiate health care charges? If you answered "yes" to these questions, bill negotiation services could give you peace of mind.

Provider Network

Bill negotiation services can save you money on large, out-of-network provider bills. Just remember, you will receive the highest benefit by using in-network providers. And **Health Pros** are available to help with benefits or billing issues.

How to Enroll

Log on to Your Total Rewards at <http://digital.alight.com/equitable/> or the Alight Mobile app (available through the [Apple App Store](#) or [Google Play](#)) to enroll in your benefits for 2023.

Logging on for the first time? From Your Total Rewards at <http://digital.alight.com/equitable/>, register as a new user and follow the prompts to provide requested information and set up your username and password.

Following your enrollment, you may still need to take action. If you do, the required follow-ups will appear on a confirmation page.

There are also things you should do [after you enroll](#).

Questions?

Start with the [Frequently Asked Questions](#) (PDF). If you still have questions, you can reach a customer service representative through Your Total Rewards at <http://digital.alight.com/equitable/>. You can also call the Equitable Benefits Center at **1.800.829.2633** from 9:00 a.m. to 5:00 p.m ET Monday through Friday. If you don't connect with a representative right away, you will be given the option to save your place in line and be called back once a representative is available.

Actions After You Enroll

Now that you've enrolled, it's time to focus on the road ahead. And there are things you need to do **now** to use your benefits successfully when they take effect.

Here's your to-do list:

Know How Your Prescription Drug Plan Works

Your prescription drug coverage is provided through your medical insurance carrier's pharmacy benefit manager, who sets the rules for how medications are covered. Don't be caught by surprise! Visit your carrier's website for information about your medications. And, check out the [Prescription Drug Transition Worksheet](#) (PDF) for tips and questions you may need to ask your carrier.

Check the Formulary

A **formulary** is a list of generic and brand name drugs that are approved by the Food and Drug Administration (FDA) and are covered under your prescription drug plan. [Check with your carrier](#) to make sure your drug is listed on the formulary **before** you fill it. If it isn't, you'll pay more.

Try Generic

Generic drugs meet the same standards as brand name drugs, but they **typically** cost less. And, because brand name drugs can be expensive, some carriers don't cover them **at all** if a generic is available. Ask your doctor if a generic drug is available for you.

Mail-Order Setup

Mail-order service can save you a trip to the pharmacy and may reduce your costs. To set up mail order with a new medical insurance carrier, you'll likely need a new 90-day prescription from your doctor. Because mail-order can take a few weeks to establish, it's a good idea to ask your doctor for a 30-day prescription to fill at a retail pharmacy in the meantime.

Track your to-dos and get organized! Print the [Prescription Drug Transition Worksheet](#) (PDF).

"Transition Of Care" Setup

Are you or a covered family member pregnant? Will you or your covered family member continue needing treatment for an ongoing medical condition?

If you will have a new medical insurance carrier and you answered "yes" to either question, you may be able to temporarily continue that care with your current provider once your **new** medical coverage begins. This is true even if your provider isn't in the new insurance carrier's network.

If you think this applies to you, [call customer service](#) at your **new** medical insurance carrier as soon as possible to ask for help with "transition of care."

Give your new insurance carrier information about your treatment and the providers you use today.

Will you have a new dental plan? Will you or your child(ren) continue receiving ongoing orthodontic treatment? [Call customer service](#) at your **new** dental insurance carrier as soon as possible to ask for help with "transition of care."

Track your to-dos and get organized! Print the [Transition of Care Worksheet](#) (PDF).

Avoid Unexpected Out-Of-Network Costs

It's very important to know whether your doctor participates in your medical insurance carrier's network.

You Could Pay a Lot More for Out-of-Network Care

Your medical insurance carrier could pay a much lower benefit if you see an out-of-network doctor—leaving you to pay the rest.

For instance, you will pay more through a higher out-of-network deductible and higher coinsurance. You'll also have to pay the entire amount of the out-of-network provider's charge that exceeds the maximum allowed amount, even after you've reached your annual out-of-network out-of-pocket maximum.

Each medical insurance carrier can determine its maximum allowed amounts for out-of-network providers. For example, among other ways, carriers may use what's considered "reasonable and customary" and/or a Medicare-based calculation to determine the maximum allowed amount.

Example

For example, let's say you will have an out-of-network surgery that costs \$5,000 and you will pay 45% coinsurance. The maximum allowed amounts could be different across carriers:

- If one carrier has a maximum allowed amount of \$2,000, you would owe 45% of \$2,000 and 100% of the remaining \$3,000, for a total of \$3,900.
- If a second carrier has a maximum allowed amount of \$3,000, you would owe 45% of \$3,000 and 100% of the remaining \$2,000, for a total of \$3,350.

Take These Steps to Protect Yourself

If you *didn't* check your doctor's status before you enrolled or you want to look up a different doctor, do it *now*—before making an appointment with that doctor.

You can check the provider directory through Your Total Rewards at <http://digital.alight.com/equitable/> or your medical insurance carrier's website.

Important! Do not rely on your provider's office to know the carriers' network(s). If you have any uncertainty (for instance, covering out-of-area dependents) or you need the network name, call the insurance carrier.

Even if you're keeping the same insurance carrier, the provider network could be different. **Always** check the provider directories on the carrier preview sites before making a decision.

If your doctor is out-of-network and you still want to see them, check the cost with your doctor *before* you get care. Then ask your doctor to confirm the portion that will be covered by your medical insurance carrier and the portion for which you'll be responsible. That way you'll be prepared for any potentially significant costs.

When To Expect New Cards

You'll receive a new ID card when you enroll for the first time or change insurance carriers or coverage levels. You'll use your ID card for medical and prescription drug needs.

Note: Many dental insurance carriers also issue ID cards. If you receive one, simply present it when you get dental care during the new plan year.

For questions about ID cards, [contact the insurance carrier](#). If you need an ID card immediately, go to your insurance carrier's website, register online, and print a temporary ID card.

Want to Print?

Track your to-dos and get organized! Print these worksheets and get a step-by-step guide to what to do and what to ask as you get ready to use your new coverage.

[Prescription Drug Transition Worksheet](#) (PDF)

[Transition of Care Worksheet](#) (PDF)

Paying for Care

When you receive medical care, you choose how to pay your share of the cost. Follow these easy steps when it's time to get care:

Step 1: Meet With Your Provider

Don't forget, you'll probably pay **a lot** less when you see in-network providers. You can check the provider directory on Your Total Rewards at <http://digital.alight.com/equitable/> or refer to your **insurance carrier's website**.

Remember: Not all options cover out-of-network care. Review the plan details.

Step 2: Present Your Medical ID Card

When you visit your doctor, hospital, or other health care provider, remember to show them your ID card so they know how to bill for the services they are providing you.

Step 3: Review The Explanation Of Benefits (EOB)

An EOB is **not** a bill. It's simply a statement from your insurance carrier that shows when you got care and how much it cost.

It will show your provider's charges, the negotiated amount your insurance carrier agreed to pay, how much is covered (if any), and your payment responsibility.

Remember, if you haven't met your deductible, you could owe the entire negotiated amount. Keep the EOB for your records because you'll need it for the next step.

Step 4: Review Your Provider's Bill

A provider's bill typically arrives in your mailbox after the EOB arrives. The amount you owe on your provider's bill should match what's on the EOB.

Step 5: Pay Your Provider

You can pay your provider out of pocket. Or, you can **pay with your HSA** or FSA for eligible health care expenses.

Paying With Your HSA

You can open an HSA if you enrolled in a Bronze or Bronze Plus coverage level. When it's time for you to pay for care or prescription drugs, your HSA gives you options:

Use Your HSA Debit Card

Just use it when you're ready to pay for qualified medical expenses. The funds will be taken directly from your account.

Make sure you only use the card for eligible expenses, and that you have enough money in your HSA to cover it.

Log on to OptumHealth Bank's website through Your Total Rewards at <http://digital.alight.com/equitable/> to check your balance beforehand.

Pay Out Of Pocket

If you prefer, you can pay for your expenses up front and pay yourself back through your HSA later. You'll log on to OptumHealth Bank's website through Your Total Rewards at <http://digital.alight.com/equitable/> to transfer money from your HSA to your regular bank account. If you need help with this, contact OptumHealth Bank at 1.800.243.5543.

Eligible Expenses

You can find a complete list of eligible expenses at <https://www.irs.gov/publications/p502>.

Don't forget! If you use money from your HSA to pay for nonqualified expenses, you'll pay taxes on that money. You'll also pay an additional 20% penalty tax if you're under age 65. This applies to expenses such as child care, cosmetic surgery, health club fees, teeth whitening products, and vitamins.

Keep Your Receipts!

Always remember to save your receipts when you make payments from your HSA, in case you need to provide proof of your eligible expenses to the IRS.

Transparency in Coverage

Your employer is subject to the Affordable Care Act's requirements to make certain information available to the public. These links lead to the machine-readable files that are published in response to the federal Transparency in Coverage Rule and include negotiated service rates and out-of-network allowed amounts between health plans and health care providers. The machine-readable files are formatted to allow researchers, regulators, and application developers to more easily access and analyze data.

Who We Are: Your well-being is at the heart of everything we do. VSP® Vision Care gives you access to quality eye care from VSP network doctors with low out-of-pocket costs. Get the most out of your vision plan with more than 109K provider access points including independent doctors, popular retailers, and online.

Get Carrier Ratings

See how others have rated their health carriers on a variety of measures, such as customer service, network of providers, and online experience. These consumer ratings and specific comments are available at <http://digital.alight.com/equitable/> during enrollment and throughout the year.

Your specific medical options are based on where you live. You'll be able to see the options available to you when you enroll. If you live outside the service areas of all the insurance carriers, you can choose an out-of-area option at the Silver coverage level. Aetna will be the insurance carrier. (Note: Coverage may be slightly different than the Silver option on this site. Refer to <http://digital.alight.com/equitable/> for details.).

Contacts

You can reach a customer service representative through Your Total Rewards at <http://digital.alight.com/equitable/>. You can also call the Equitable Benefits Center at **1.800.829.2633** from 9:00 a.m. to 5:00 p.m ET Monday through Friday. If you don't connect with a representative right away, you will be given the option to save your place in line and be called back once a representative is available.

Health Pros are also available to assist with tough issues like claims and billing disputes.

Questions About Coverage?

Start by contacting the **insurance carrier** directly. They know their coverage rules best.

If you enrolled in a Bronze or Bronze Plus medical coverage level, check out the **HSA User's Guide** (PDF) for additional contacts during the year.

Contact a Health Pro

Have questions about your claims or coverage? Once your coverage has begun, you can start by contacting your [insurance carrier](#) directly. They know their coverage rules best and have the final say on all claims and billing questions.

Sometimes you need more help than your insurance carrier can provide. If you have a billing issue, such as your provider charging you more than the amount your Explanation of Benefits (EOB) says you owe, or you believe your plan covers more than what your EOB shows, Alight Advocacy Services is available. Alight Health Pros are experts in handling and resolving your claims and billing issues.

If you aren't satisfied with the resolution, you can file an appeal through your insurance carrier, who will be able to direct you through that process. Equitable doesn't have any influence on the outcome. The insurance carrier—not Equitable—is responsible for the cost of claims.

Have a large provider bill? [Bill negotiation services](#) may be able to save you 20% or more.

Questions?

Don't worry. You have backups. When you face a billing issue:

1. Start with your insurance carrier.
2. Email a Health Pro at AlightHealthPro@alight.com or call **1.866.300.6530** if you need help.
3. File an appeal if you're unhappy with the final outcome.

Get Answers

Have a question? We've got you covered.

Start with the [Frequently Asked Questions](#) (PDF).

Wondering what something means? Check out the [Glossary](#).

Just want to talk to a real person? No sweat! Here's who to [contact](#).

Glossary

Wondering what a term means? Find it here!

Brand Name

A more expensive prescription drug for which there is an active patent. (A patent is a time-sensitive right to market a drug under a certain name.)

Coinsurance

The percentage of costs you pay for eligible expenses after you meet the deductible.

Coverage Level

A benefit level that determines how services are covered.

Deductible

What you pay out of your own pocket before your insurance begins to pay a share of your costs. [How the deductible works](#) depends on your coverage level. Out-of-network charges do **not** count toward your in-network annual deductible. They only count toward your out-of-network deductible.

EOB

Also known as an Explanation of Benefits. An EOB shows the claim filed by your health care professional, what was paid, and what your portion of the payment was or will be. Your insurance carrier provides the EOB. It's not a bill.

Formulary

A list of generic and brand name drugs that are approved by the Food and Drug Administration (FDA) and are covered under your prescription drug plan. You should make sure your medication is on the formulary of the medical insurance carrier you choose.

Generic

Medications that have been approved by the FDA as safe and effective. These medications contain the same active ingredients in the same amounts as brand name products. Generics may be different in color, shape, or size from their brand name counterparts. Your physician may substitute a generic for a brand name drug to save you money.

Health Savings Account (HSA)

A special bank account that allows you to set aside tax-free money to pay for qualified health care expenses. These include your medical, dental, and vision copays, deductibles, and coinsurance.

HMO

Health Maintenance Organization (HMO) options offer care through a network of doctors and hospitals. All of your care generally must be provided through the HMO network and coordinated through the HMO primary care physician (PCP) you select when you enroll. Except in emergencies, your care is usually covered only if it's coordinated by your PCP. There's no coverage for out-of-network care.

Network

A group of health care providers that offer services to participants in a health plan at a negotiated, discounted cost. You'll save money if you use doctors inside your carrier's network.

Out-of-Pocket Maximum

The most you have to pay for covered medical services in a year. Generally, it includes any applicable deductible, copayments, and/or coinsurance. [How the out-of-pocket maximum works](#) depends on your coverage level. Out-of-network charges do **not** count toward your in-network annual out-of-pocket maximum. They only count toward your out-of-network out-of-pocket maximum.

Payroll Contribution

The amount deducted from your paycheck on a pre-tax basis to cover your share of health care benefit costs.

Pharmacy Benefit Manager

The insurance carrier or third-party administrator who manages your retail and mail-order prescription drug benefit.

PPO

A Preferred Provider Organization, or PPO, is a type of medical plan that uses a network of physicians, hospitals, and other health care providers that have agreed to provide care at negotiated prices. You can also go to out-of-network providers, but you'll pay more.

Preventive Care

Annual physicals, wellness screenings, immunizations, well-woman exams, well-baby exams, and more. In-network preventive care is 100% covered without having to pay your deductible.

Reasonable and Customary

The normal charge made by a licensed practitioner in a specific area for a specific service. It doesn't exceed the normal charge made by most providers in the area where the service is provided. Please note that carriers will use a Medicare Reimbursement methodology, based on the allowed amount, for out-of-network services.

Traditional Deductible

Once a covered family member meets the individual deductible, your insurance will begin paying benefits for that family member.

Traditional Out-of-Pocket Maximum

Once a covered family member meets the individual out-of-pocket maximum, your insurance will pay the full cost of covered charges for that family member.

True Family Deductible

The entire family deductible must be met before your insurance will pay benefits for any covered family member.

True Family Out-of-Pocket Maximum

The entire family out-of-pocket maximum must be met before your insurance will pay the full cost of covered charges for any covered family member.

Newly Eligible for Benefits?

Welcome!

Being new to the company, you have a lot on your plate. Enrolling in Equitable benefits is one of those really important “to dos”—and shouldn’t take all that long.

For your 2023 benefits, you can start here:

- [Quick Guide](#)
- [Enrollment Checklist](#)
- [Medical](#)
- [Dental](#)
- [Vision](#)

Make It Yours

Once you’ve done your homework, if you want coverage through Equitable, you must enroll by your deadline. Otherwise, you won’t have medical and prescription drug, dental, or vision coverage through Equitable for you and your family.

Questions?

Check out the [Frequently Asked Questions](#) (PDF) for more details.

Please Note: Nothing in this “[Make It Yours To Go](#)” Guide (“Guide”) expands or augments your Health Plan eligibility or benefits beyond those provided under the official plan documents for the Health Plan. No benefits will be paid or provided unless and until the applicable Health Plan administrator, or its delegate, determines, in its sole discretion, that you are entitled to such benefits.

Your Company always reserves the unrestricted right to modify, amend or terminate the Health Plan, at any time and for any reason in whole or in part. Accordingly, and without limitation, nothing in this “[Make It Yours To Go](#)” Guide (“Guide”) should be construed as, and participation in the Health Plan should not be considered, a promise or guarantee of future benefits or of any level or amount of benefits. In addition, nothing in this Guide is an employment contract or an offer, promise or guarantee of employment or contract for any duration.

COBRA Coverage Options

If you leave the company or lose coverage due to a status change, your COBRA enrollment notice has details regarding your options.

If you choose not to enroll by your COBRA enrollment deadline, you will not be able to enroll in COBRA coverage in the future. Also, once enrolled, you can make changes to your elections only during enrollment or following a qualified change in status.

You will receive additional information—including prices—once you lose access to health benefits through the company.

Your COBRA Coverage Options

You can start by reviewing your [medical](#), [dental](#), and [vision](#) coverage level options.

You'll also want to review your [insurance carrier](#) options.

How To Enroll

To enroll in COBRA coverage when eligible, follow the instructions on the COBRA enrollment notice mailed to you.
